As a follow-up to our discussion from this morning's Leadership Meeting, here is the table I promised to circulate. The biggest initial lifts appear to be in the regulatory areas, although we'll want to discuss with Michal whether or not she wants to flag our COVID work as responsive to the COVID EOs.

Angela's email from Friday (1/22) at 10:39am also has some useful information (I've attached the here). In talking with Michal, she will likely want to have a discussion about this very early this week, along with a discussion about FR notices in general.
